

BECOMING A NiRA REGISTRAR

Thank you for your interest in becoming a **.ng ccTLD Accredited Registrar**. You become a NiRA Accredited Registrar provided you meet the requirements.

1. You should be a Registered company.
2. You are required to pay a non-refundable application fee of N25, 000.00 or its equivalent in US Dollars at an exchange of rate to be determined by NiRA, banker

The Applicant is expected to pay any bank charges that may apply in the instance of a transfer of funds.

Fill out two (2) Original copies of the **REGISTRAR AGREEMENT**, and one (1) Copy of the **REGISTRAR APPLICATION ACCREDITATION FORM**.

Both forms are available on the NiRA website www.nira.org.ng under the heading "NiRA policies".

Please note the following:

1. Do not fill the column for **date** on the **second page of the registrar Agreement**
2. On **page 19** of the **Registrar Agreement**, you are required to put your company seal or stamp below the section marked:
"The common seal of the Registrar is hereby affixed in execution of this agreement".
3. Remember to complete the **witness column** just below the seal and signature column.
4. Do ensure that you enclose **all required documents**.
5. The forms should be typed or filled out in **uppercase (capital letters)** if handwritten and must come in **blank ink**.

We expect that all completed application forms would be sent to us by courier to:

**CHIEF OPERATING OFFICER,
Nigeria Internet Registration Association (NiRA)
8, Funsho Williams Avenue, Iponri,
Surulere Lagos,
Nigeria.**

SORT CODE: 057020101

After the initial evaluation of your application and you receive provisional accreditation, you would be asked to pay a certification fee of N50, 000.00.

If you meet the requirements of full accreditation, you would be asked to determine what category you want to operate from.

COST OF DOMAINS

- Domains cost between N400.00 and N1,500.00 depending on your category of choice for registrations at the third level; and N9,250.00 to N10,000.00 For registration at second level for non-premium domains

These costs are determined by your **category choice**.

An accredited Registrar of NIRA could choose to operate from any of the four

(4) Categories, viz:

1. **Platinum**
2. **Gold**
3. **Silver**
4. **Standard**

INITIAL DEPOSIT FOR EACH OF THE CATEGORIES

1. The platinum Registrar deposit N750,000.00
2. The Gold Registrar's deposit is N375,000.00
3. The Silver category deposits N150,000.00
4. The Standard category deposits N75, 000.00

Apart from the deposit payable to NiRA for the category of choice, the Registrar is also expected to submit a **performance Bond**, an insurance document whose value would be twice the value of deposit for the Registrar's category of choice.

Other documentation such as **site verification** and a **reference letter** from your bank are also required.

We also want to be assured of your technical readiness. All registration activities in the .ng registry must be done from .ng domain. Therefore, a prospective Registrar is required to register a .ng domain for his operations prior to his accreditation. You are to contact a **NiRA Accredited Registrar** to registrar the domain for you in the interim, and request for a transfer of the domain when you commence operation as a **fully Accredited NiRA Registrar**.

There is also an **ANNUAL Re-certification Fee** of **N50,000.00** to be paid annually. This is captured in our fee policy.

We look forward to your application.

- **Chairman, Accreditation and Business Development Committee**
